

Friday, April 8 | 10 am – 12 pm PT

Special Symposium:
**Oncology Advanced Practice Providers
Can Enhance Clinical Research**

Hosted by the nursing research subcommittee and
the palliative and end of life care committee

Find out how to leverage the power of APPs in your setting
to expand access to clinical trials for patients.

Presentations and a panel of experts from the NCI and research bases
will include examples of best practices in both academic and community sites.
This symposium is the first component of an initiative to increase APP involvement
and will be followed by an APP-specific workshop at the fall meeting.

We hope you can join us!
