

**Disclosure of Relevant Financial Relationships with Commercial Companies
Fall 2022 SWOG Group Meeting**

The Hope Foundation endorses the Standards of the Accreditation Council for Continuing Medical Education and the Guidelines of the American Medical Association. The Hope Foundation requires that all presentations at CME activities be fair, balanced, free of commercial bias, and fully supported by scientific evidence.

Everyone who is in a position to control the content of continuing medical education activity is required to disclose relevant relationships with commercial companies whose products or services are discussed in educational presentations. The ACCME considers the relationships of the person involved in the CME activity to include the financial relationships of a spouse or partner.

Disclosure of a relationship is not intended to suggest bias in any presentation but is made to provide participants with information that might be of potential importance to their evaluation of a presentation.

All potential conflicts of interest have been resolved before this program.

B. Financial Disclosures Related to Scientific Activities of SWOG

The relevant policy and process for disclosure of financial conflict of interest within SWOG are governed by Group Policy #35, "Financial Conflict of Interest Policy" (<http://swog.org/Visitors/Download/Policies/Policy35.pdf>) which was established in accordance with (and is consistent with) the Public Health Service regulation entitled "Responsibility of Applicants for promoting Objectivity in Research for which PHS Funding is Sought and Responsible Prospective Contractors" (42 CFR Part 50, 45 CFR 94, final rule published 8/25/2011). Policy #35 is made available to the public via the publicly accessible portion of SWOG's website. Federal regulations require that SWOG management plans be made available within 5 business days upon written request.
