

THURSDAY, OCT. 12, 2 - 3 PM CT • CRYSTAL A (LOBBY LEVEL, WEST TOWER)

# DIVERSITY, EQUITY, AND INCLUSION

# TOWN HALL

*Opening remarks by*

**Christopher N. Cross, PhD**

*Director, Health Equity Strategies*

*Center for Equity, Diversity and Inclusion*

*American Society of Clinical Oncology*

The Town Hall will be an opportunity to hear about our efforts in DEI in SWOG and why it is important to the work we do and the communities we are building. It will offer all a chance to meet those leading these efforts and more importantly, to ask questions and have your voice heard. Our efforts must take in to account all of our views in a way that moves us forward with intentionality utilizing an iterative approach of learning from each other on both, what has worked and what has not.

***All are invited!***
