REMINDERS

Staff Changes

Change of staff are important. Please remember to let Octavio Bojorquez know if you have any changes in staff for S1316 at your site. This will help us to keep our contact list current so that the right person is reached in a timely manner when we need to contact your site.

On-Call Weekend Coordinator

Funds are available for staff to be on-call on a weekend during normal working hours to assist with patient accrual. The study can provide a small stipend of \$80/day; \$160/weekend, and an additional \$200 if it is necessary to come in to register a patient. If you would like to use these funds or would like more information, please contact Octavio Bojorquez.
